Preamble

The growth and development of an educational institution are heavily reliant on the continuous professional development of its teaching and non-teaching staff. Participation in Faculty Development Programmes (FDPs), Management Development Programmes (MDPs), and other professional or administrative training programs plays a pivotal role in enhancing the skills, knowledge, and overall competence of the staff, contributing to the institution's academic excellence and administrative efficiency.

This report highlights the percentage of both teaching and non-teaching staff who have actively participated in such programs over the last five years.
